

Newborn Hearing Screening Pathway

**During
Pregnancy
and After Birth**

Information and Offer

Families are provided information on the EHDI Program and offered hearing screening for their infant. All infants born or registered in Alberta are eligible for hearing screening.

**By 1 Month
of Age**

Newborn Hearing Screening

Infants are screened in hospital or birth centre before discharge or in a community hearing screening site.

**By 3 Months
of Age**

Diagnostic Hearing Assessment

Infants who do not pass their hearing screening are referred for further testing to rule out or confirm Permanent Congenital Hearing Loss (PCHL).

**By 6 Months
of Age**

Intervention Services Access

Infants confirmed with PCHL have access to early intervention services and programs.
